The Future for Cameroon, Africa

We are excited to give you our second newsletter, we aim to produce a yearly newsletter to keep you updated on all our events. We look forward to all your comments, support and help for the children and people in Cameroon, Africa.

Joyous Charity organization reaches out to orphans living in orphanages, widow's, vulnerable poor families, underprivileged students, persons with disabilities and street kids.

We give out free scholarships to poor children go back to school, we give out free sanitary pads to young girls who can't afford it during their monthly flow, we provide shelter, we donate foodstuffs and dresses.

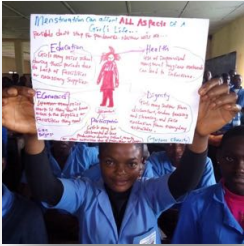

We do random act of kindness, and daily, weekly, and monthly programs. We have operation back to school, operation feed the orphans, make an orphan smile and empowerment and self-sustainability projects. We fight poverty in Communities in Cameroon.

Joyous Charity is an association created to empower youths, orphans and disabled, to develop their innate talent, create an entrepreneurial mindset, helping the less privilege and most especially teaching them the engrafted word of God.

We decided to create this initiative because, we discovered that many orphans, disabled, and vulnerable youths feel rejected, abandoned, and confused. In such a case we empower such persons, give hope to the hopeless, choose careers to the confused youths so they could pursue their desired dreams in life, we showcase their talents to the world, transform their minds joyfully with love and encourage them to stop complaining but come out plain to be job creators and great leaders of tomorrow.

"Joyous Charity Organization - J.C.O Is Simply the best! Life is good when you are happy. But Life is better when other people are happy because of you. People may not reward or thank you for what you do, but God sees it and will reward you openly with abundant blessings! Keep doing good. Don't be tired of doing good. In due time, you shall reap if you don't faint. Love is backed by giving... Join Joyous Charity as we keep blessing communities, vulnerable families, underprivileged students, and Orphanage's in need. Love is the Greatest!"

Mr. Atud Clovis Tendong, Founder and CEO

Hence, eradicating theft, slothfulness and unnecessary complains. We have as mission to also help eradicate poverty by creating small businesses to such vulnerable persons that could help sustain or carter for livelihood.
- **FULFILLING POWER SEED:** (P-Poor, O-Orphans, W-Widows, E-Elderly, R-Roofless = POWER) We are out to extend a helping hand to the above persons in need, we are willing and ready to distribute joyfully, Creating a loving, caring attitude towards each other. That is, oneness in works done to be able to relate to the hopeless and give them hopes to see more reasons to live. We are a basket of hope to the hopeless. Let's Smile Together

Motto: Love – Transformation – Greatness

We also carry out health campaigns to support the poor who are sick with medical bills, providing funds for medication, free sanitary napkins and pay tuition fees to vulnerable poor children and Orphans.

We have 10 Executives working with joyous Charity. We raise funds from individual businesses from executives, stakeholders, and families to finance our projects. It is not enough because needs of the poor keep increasing that is why we are writing to World Central Kitchen to apply for more support in all areas to achieve our aspirations for our community.

We will be so happy if this support is awarded to Joyous Charity to keep doing this good job in poor communities in Africa precisely in Cameroon especially during this crisis period that has caused extreme poverty in Cameroon happening at this present time called the Anglophone Crisis.

Many internally displaced people's (IDPs) and school dropout rates has increased, and many families suffering, hunger and starvation has increased.

Joyous charity made a first visit to Brightland Christian orphanage Wututu village today and it was a success. We give God praise. We were able to navigate the bad road and the unsecured area to reach out the orphans.

HOW DO YOU USE WHAT YOU HAVE TO MAKE A DIFFERENCE IN SOMEONE ELSE LIFE? No matter how much success and wealth you have acquired in life, you are forgotten the very day you live the earth if you did not use what you must make a difference in someone else life.

The world is a large place with billions of people and it's possible to think that one person can't do enough to change the world. We need to understand that we do have the power to make a difference in someone else life even if it starts on a small scale.

A piece of advice is, make out time and smile with people,

Do a volunteer work

Sponsor a child

Invest and listen

Teach

Donate

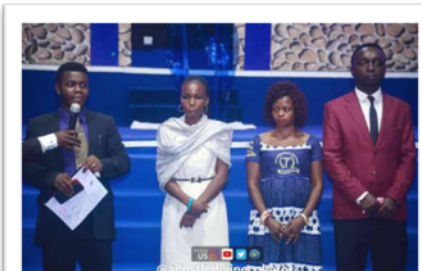

Make a care package and dare to take a heroic task and live a legacy. These are the qualifies of an idle life.

Let's collectively do this together. Be the reason why an orphan will be enrolled in school this Year.

News Update! Joyous Charity Today Visits Government High School Bonjongo Village to Celebrate World Menstrual Hygiene Day with female students under the Worldwide Theme "Action and investment in Menstrual Hygiene and Health".

The female students were so happy especially as the Medical Practitioner Dr. Sakwe Lawrence A member of Joyous Charity, drilled the students about Menstrual Hygiene and Sanitation, Menstrual Cycle, Eradication of Menstrual stigma, and other interesting aspects the children were happy to know. We are creating an awareness that, in times of Pandemic, she still bleeds and that periods don't stop for *Pandemics*.

We also educated them that periods are nothing to hide. It's a blessing for a girl child to menstruate and not a disgraceful thing. "Some communities see menstruation as a Taboo" so today this school was glad to welcome us and at the end, Joyous Charity Donated Free Sanitary Products at the School infirmary for any girl child menstruating who can't afford it to go and receive free during their Menstrual Flow.

The Principal of the School thanked all the Partners and Donors of Joyous Charity Worldwide. We must Constantly keep donating to this school and others free Sanitary supplies so that an underprivileged female student menstruating who can't afford it will get it free in school. Join us as we accomplish this project.

Joyous Charity team discovered a single teen Mom by name, Kome Njikang Minitte based in Mile four old road, a secondary school dropout. She's living in a deplorable condition.

She testified to us that she can barely have 3 Square meals a day. This young girl told us she has two children, one male and one female. Because of the difficult condition she's living, and for the fact that the guy who impregnated her refused to take responsibilities, so she kept the children with her mother who also is a widow.

Minitte's Father is of late. So, she has been struggling to on daily basis to do menial jobs to raise funds to sponsor her children, take care of mother and other siblings. She told the team that, she has been searching for a job for so long to no avail, so what she's pleading from any free will individual now is capital to start-up a little peti (small) business which will self-sustain herself, mother, children, and other siblings.

Nothing is ever small to support a good cause like this.

We empower single teens mom for self-sustainability

"Together we can"

Thank you all.
