Mr. Atud Clovis Tendong as Assistant Pastor for The Life Transformers Ministries, Mile Four Branch

3 January 2022

Message from Mr. Atud Clovis Tendong - Founder and CEO

In this Year #2022, my year of Exceeding Grace, I've been Promoted to the Position of the Assistant Pastor of The Life Transformers Ministries Mile Four Branch. This can only be God. I want to thank my Mentor and Father in the Lord Shepherd Hastings and My Mother in the Lord Reverend Mrs Elizabeth Hastings for Trusting in me and Putting me in this Great Position to Serve at the Branch in the capacity of the Assistant Pastor.

It pays to serve! He who wants to be Great, Let him serve. Service is the platform for Greatness... Service is the platform to receive from God. This is a New Higher Level for me to commence this very year... God is a Rewarder of them that Diligently seek Him... God is not unrighteous to forget our Works... Holy Spirit, fill me the more as I invest in Kingdom Business and Continue to Win Souls to God and Reconcile Many lost Souls back to Jesus Christ... I want to thank my Wife Mrs Atud Synthia for always standing by me, Encouraging, supporting and praying with me daily. You are a blessing in my life Sweetheart! I want to thank all my dearly beloved Facebook Friends, Mother, Relatives, family and my entire Joyous Charity Team for always being there for me. I love you all.

We got another bunch of wonderful awards of Excellence from Serving in the House of God. He who serves deserves! Forward ever, and backward never... I'm moving upward and forward! What a day of Joy! I'm operating in Exceeding Grace this year 2022... Proudly LTM

PROJECTS

- **EDUCATION IS KEY:** Education is a serious challenge in Cameroon. So many children lack basic school materials such as books, writing material, uniforms, school bags etc. Many children do not have able sponsors and cannot even afford to pay their school fees. <https://www.joyouscharity.org/projects/education/>
- **MENSTRUATION IS A FAME AND NOT A SHAME:** In times of Crisis, she still bleeds. Every month we donate Sanitary pads. Empower ladies by teaching them how to make homemade reusable pads to reduce the stress of purchasing Sanitary pads. <https://www.joyouscharity.org/projects/menstruation-is-a-fame-and-not-a-shame/>
- **REMEMBER AN ORPHAN:** Joyous Charity has regular Orphanage Outreach Visits; Daily, weekly and Monthly. You can donate dresses, foodstuffs, Cash gifts, shelter, shoes, toys, non-food stuff, kitchen equipment, and household furniture. <https://www.joyouscharity.org/projects/remember-an-orphan/>
- **AGRICULTURAL PROJECTS:** The agropastoral department of Joyous Charity visited God first orphanage on Saturday 11th of September 2021. Upon arrival, we notice that they had space but lacked a garden in their vineyard. They are solely depending on donations which are not always available. We found some spotted plantains and some spotted yam in their vineyards which were poorly grown due to limitations in basic agricultural knowledge and specific skills in these crops. <https://www.joyouscharity.org/projects/agricultural-projects/>

JCO Team don't just visit Orphanages and go for good. we Visit repeatedly to ensure the Orphans are fine. Ladyson's legs are healing speedily. Treatment is still going on.

We are still accepting Donations from freewill individuals worldwide. We make sure we carry out proper follow-up. We want to thank all those who have been sending Supports and Donations so far.

Saturday the 11th of September 2021,

Started a Agricultural project to empower the children at God First Orphanage Wotutu village south West Region of Cameroon, With Skills on how to cultivate or grow their own Cassava and sweet Potatoes in their own Garden which will intend fight Hunger in the Orphanage (Main Objective: Zero Hunger at Orphanages in Cameroon and beyond) The Empowerment Project by Joyous Charity at God First Orphanage is for Sustainability and Re-integration Into their community. This project is very important for the children in the sense that, when Donation's don't come from free will individuals, they can go this this garden we just planted food crops and Harvest and use and will reduce the cost of purchasing foodstuffs for the kids and reduce dependency on people for foodstuffs. Let's Smile together.

Rather than depending on donation of food stuffs from free will individuals in this Orphanage, Joyous Charity came out with this initiative to empower the children in these Orphanage with Agricultural skills that will enable them to grow their own food crops in the garden that they can harvest and eat even when Donation's don't come. This will reduce dependency on people for donations in the Orphanage. We will spread this initiative to many other Orphanages. We are fighting hunger, Starvation and Malnutrition in Orphanages. Empowering them to grow rich and nutritive food crops in their garden for consumption. We will need Volunteers to join us and more people to Partner with us as we supply the various Orphanages, we will be carrying out this Agricultural project with the necessary farm and working tools, seedlings and Chemicals. Join us as we stand for Zero Hunger and Community Development.

Humanity at Heart

The hunger virus kills far more than even Ebola, corona or even cholera, in Africa. very little attention has been given towards reducing poverty

Young girls suffer rape, violence, and all types of abuses every day in societies. very little efforts have been made to tackle this situation

Most Girls in our societies today can't even afford sanitary paths/pads

At the end of the day peace processes and many solution proposals end only in offices and conferences and work shops

Very little group of people go to the field to see for themselves what the society is going through.

That is the world we live in

We appreciate the works of [Okuke Mudi](#) of [Teens-4-Teens Community](#) and Mr. [Atud Clovis](#) of [Joyous Charity Organization - J.C.O](#) and the many other organizations who penetrate to the most interior parts of the society to render help to young girls and vulnerable children in our society
